

LABOR SERVICES DIVISION[875]

Adopted and Filed

Pursuant to the authority of Iowa Code section 89A.3, the Elevator Safety Board hereby amends Chapter 66, “Waivers and Variances from Administrative Rules by the Elevator Safety Board,” Chapter 68, “Declaratory Orders by the Elevator Safety Board,” Chapter 69, “Contested Cases Before the Elevator Safety Board,” Chapter 71, “Administration of the Conveyance Safety Program,” and Chapter 72, “Conveyances Installed On or After January 1, 1975,” Iowa Administrative Code.

Iowa Code subsection 89A.13(7) requires that every three years the Elevator Safety Board conduct a comprehensive review of existing rules, regulations, and standards. Most of these amendments are a direct result of the review process conducted by the Board during 2011.

These amendments make editorial and technical changes; amend rules to conform to statutory authority; adopt by reference the most recent editions of the relevant American Society of Mechanical Engineers (ASME) codes, except for one narrow requirement concerning telephone lines; and mandate the use of an acceptance checklist for installation of new conveyances.

The purposes of these amendments are to protect the health and safety of the public, make the rules more clear, align the language with the authority of Iowa Code chapters 17A and 89A, facilitate installation of new technologies in Iowa, and implement legislative intent.

No variance procedures are included in these rules. Applicable variance procedures are set forth in 875—Chapter 66.

Notice of Intended Action was published in the February 22, 2012, Iowa Administrative Bulletin as **ARC 0011C**. Although no one attended the public hearing scheduled for this rule making, the Elevator Safety Board heard extensive public comments regarding remote manipulation during the March 7, 2012, Board meeting. The Elevator Safety Board also received and reviewed written comments regarding the remote manipulation provisions contained in the Notice of Intended Action. As a result of the comments, the Elevator Safety Board plans to conduct further study of remote manipulation.

These amendments are not identical to those that were published under the Notice of Intended Action. All references to remote manipulation and remote monitoring have been removed from these amendments; therefore, a proposed definition in Item 13 and Items 19 and 20 have not been adopted. In addition, the effective dates in Items 17 and 18 have been changed.

After analysis and review of this rule making, no adverse impact on jobs is expected. This rule making is designed to reduce costs for elevator installation companies and state inspectors. Further, this rule making is designed to expedite the elevator installation process for businesses.

These amendments are intended to implement Iowa Code chapter 89A.

These amendments shall become effective on July 18, 2012.

The following amendments are adopted.

ITEM 1. Amend subrule 66.10(6) as follows:

66.10(6) Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be ~~impractical~~ impracticable. 69.3(1) In order to preserve the ability of board members to participate in decision making, parties who desire participation in an informal review must therefore waive their right to seek disqualification of a board member based solely on the board member's participation in the informal review. Parties would not be waiving their right to seek disqualification on any other ground. By electing to participate in informal review, a party accordingly agrees that a participating board member is not disqualified from acting as a presiding officer in a later contested case proceeding. a party who elects an informal review under this rule waives the party's right to seek disqualification of a board member as a presiding officer in a later contested case proceeding based on the board member's participation in the informal review.
